Quick Shots Session Fee - \$15.95 allow 20-30 minutes

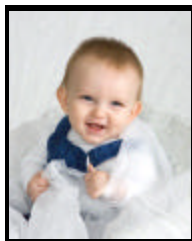

“**Quick Shots for Kids**” is a simple program that was designed to be quick and easy for children *and parents*. It is perfect for birthday’s and keeping your children’s photos updated This program entails one background and up to 8 previews. Any personal props you bring are always welcome. *This session should only last about 20 minutes.*

“**Quick Shots for Kids**” was created ideally for one or two children. One session may accommodate up to three children for an additional \$5.

If you need individual *and* group poses of *more than* three children, more than one session *must* be scheduled. This will give the additional time and number previews needed to accommodate more children.

Group poses are also welcome to our “**Quick Shots for Kids**”. A child’s attention span lessens and posing becomes more difficult with more children – more time is generally needed. There will be an additional \$5.00 charge per additional child (*after two*) in one session to accommodate *group poses* only.

Previews from this session will be printed immediately following the session. Please allow 10 minutes. These previews may be taken home with you and are yours to keep!

Please ask if you have further questions!
